

# Brunner & Lay

**ASK ABOUT NEW  
MASKS ARRIVING  
THIS SPRING.**

## Happenings

Even the drills are social distancing during these crazy times of a pandemic.

## Who we are

Gary Sublett :

A long time employee filling many different positions, Gary has decided to retire after almost 50 years with B&L.

Will Brunner is shown here at Gary's farewell party in Asheville NC. We wish him all the best in the future.

## Ask Rocky?

**Can a carbide Rok-bit be reused or resharpened ?**

Yes, but if resharpening can't or won't be performed, econ rok-bits are the most economical choice. They are suited for soft and non-abrasive drilling conditions.

## Shop with a Cop

The Brunner's continue to give back to the local communities in many ways. This Holiday season was highlighted by donations to the local police departments helping to fund their annual shopping sprees for the children in need. Over 200 youngsters were on Santa's lists in the city of Springdale alone.

**Marketing Director Shane Jimison presents a local Officer  
with a check for the kids.**
